

Dear Representative Name,

My name is **name**, and I live in **city**. I would like to compete in the upcoming 2021 Congressional App Challenge. The CAC allows students like me the chance to learn the entire process of coding a fully-functioning app from start to finish. Unfortunately, I'm not eligible to compete until your office signs up to participate.

The deadline for congressional offices to register for the 2021 Congressional App Challenge is August 1st, 2021. You can register by reaching out to [jwest@congressionalappchallenge.us](mailto:jwest@congressionalappchallenge.us) or visiting the website <https://www.congressionalappchallenge.us>.

I hope that you'll register for the Congressional App Challenge in 2021 so that I'll get the chance to compete and learn how to turn my idea into a working app that can serve our district.

Sincerely,  
Student Name
